

Happy Easter, Everyone!!

Easter Sunday is a day of faith, of joy and rejoicing!! The Resurrection of Christ is the cornerstone of our faith; the most extraordinary happening in human history. For Christians, there is not a day that compares with Easter Sunday. All our hopes and happiness conic front what happened on that first Easter morning, Jesus Christ had risen triumphant from the dead. Nothing could ever be the same again be-cause the pattern of human life was no longer limited by the cycle from birth to death in this world. Pain, despair, suffering were pushed into second place as a whole new future, full of hope and happiness of eternal life, was opened up for us beyond the grave. Heaven and earth rejoiced in celebrating Christ's victory over death for mankind. God has made His love absolutely clear. If we are to become truly "God's People"; then our search for meaning and direction in our lives will lead us to accept Christ.

Who is the Way, the Truth and the Life.

“Lord, increase the gift of your life within us. Amen“
