

## OUR PAST, OUR PRESENT, OUR FUTURE

### Capital Campaign Status Update

April 2016

In April 2015, Sacred Heart Church commenced our pledge drive for our Capital Campaign (Our Past, Our Present, Our Future). As of March 31, 2016, 351 families have pledged \$2.467 million dollars.

This is a long-term Capital Campaign with some pledges paid over three (3) years and others paid over five (5) years. Presently, about \$544,000 has been collected on their pledges.

#### Four (4) important reminders:

- If you have not yet pledged, please do so; forms are available in the foyer.
- If you have pledged, please honor your pledge to this campaign. Help us by keeping your payments current.
- If you pay for your pledge by bank draft or credit card, please alert the Catholic Foundation with any changes to either of these accounts; this includes credit cards with new expiration dates.
- We cannot commence any diocese-approved construction until we have cash "in the bank" for 50% of the total project budget.

We have intentionally been silent about the Capital Campaign until now in order to not distract efforts and donations to those families that were affected by the December 2015 tornado in the Rowlett and Garland areas.

Approximately forty-five (45) Sacred Heart families were affected by the tornado. Twenty (20) Sacred Heart families' homes were totally destroyed or had major damage.

Key members of the parish personally reached out to these families to offer assistance. The St. Vincent de Paul at Sacred Heart continues to assist these families. Your continued support for these families is much appreciated.
